

# APPI Energy Powerful solutions Electricity Highlights

“I was wary of deregulation and unsure whether or not the savings were real. After talking with other NTMA members and the APPI Energy team, I was able to sign a contract that saved us approximately 23% on our electricity. The process was simple and three years later I am still an APPI Energy customer. I would highly recommend APPI Energy’s services to all NTMA members.”

**NTMA Member**

**Deregulation** offers your business the opportunity to seek the best combination of price, terms and conditions, and reliability from competing electricity suppliers. To realize these benefits, market knowledge and timing are essential. The ability to negotiate favorable contract terms and conditions is critical. APPI Energy provides the knowledge and technical skills necessary to navigate complex energy markets.

## The Process

As your independent energy consultant, APPI Energy’s staff of industry analysts and regulatory experts will:

- Always represent your business, not the supplier.
- Analyze your electric accounts and existing supplier contracts.
- Solicit offers from qualified electricity suppliers.
- Work to obtain the best price, contract terms and conditions.
- Administer paperwork and manage the transition to the new supplier.
- Oversee your accounts moving forward for optimum performance.
- Monitor the market for new opportunities, continue its due diligence of suppliers, and provide education as needed.

## How to Get Started:

- Simply fax this and your most recent electricity account statement to APPI Energy at **410-749-8769**.
- Visit our website at [www.appienergy.com](http://www.appienergy.com).
- Send an email to [info@appienergy.com](mailto:info@appienergy.com).
